

In the name of Allah, the most gracious the most merciful
Peace and blessing be up on the kindest messenger, who was not sent but to be the
mercy for the entire world..

Dear brothers and sisters ASAWW.

Ruling the law of Islam and what Allah SWT has decreed is obligatory on every Muslim,
hence, its also an obligatory on Muslim to submit and implement the rule of Islam on the
themselves and others.

The Rule of Allah SWT is to establish the religion that Allah SWT has accepted and the
prophets (PBU them all) have recommended it.

The prophet (PBUH) was ordered to judge amongst people with what was revealed on
him. The judgment according to the law of Allah SWT is an evidence of having faith and
acceptance of the rule of Sharia and surrender to its destiny!

The ruling of what Allah SWT has decreed upon us and disapprove of what goes against
the rule of Islam is part of the unification of Allah SWT and worship him alone.

Allah SWT tells us in surat Shura verse 10

“In anything over which you disagree- its ruling is to be referred to Allah”

**“Or have the other deities who have ordained for them a religion to which Allah has
not consented” Surah verse 21**

He also tells us in surah An Nissa verse 60

**“ Have you not seen those who claim to have believed in what was revealed to you
O Mohammed, and what was revealed before you? they wish to refer legislation to
tyrant, while they were commended to reject it: and Devil wishes to lead them far
astray”**

Allah SWT is warning us in the Nobel Quran ,surah Al Maida verse 44...

**“Whoever does not judge by what Allah has revealed -than it is those who are
disbeliever”**

Then it is those who are the wrongdoers” Al Maida verse 45

Then it is those who are disobedient” Al Maida verse 47

And other verses that indicate one of the most important element of Muslim society and
the achievement of the unification of Allah, to be the rule of the Lord almighty to respond to
the book of Allah and the tradition of the prophet (PBUH)

The most beloved prophet (PBUH) has told Oday bn Hatam that, how was the worship of
Jews, Christine and the monks?

Oday has gone to see the prophet (PBUH) who was reciting the following verse in Sura At
Tawba verse 30

**“They have taken their scholars and monks as Lord besides Allah” then what they
worship?**

The prophet (PBUH) said, Yes, they are permitting haram (illegitimate) to be something
permissible and in contrast, they are also opposing legitimate to be unlawful that is their
worship!!!

Dear guest, its very crucial for Muslim not to accept the rule of ignorance, hence, the rule of ignorant wouldn't be just like those at the time of prophet (PBUH) but in fact there has been loads of other unfamiliar generations in the past where they have been following some misleading rules.

If we take this society for instance, there are practiced rules which are based on nothing but ignorant and believers must always be aware of them to work collectively towards changing them where possible.

Even at the time of ignorant where our beloved prophet (PBUH) lived, there has never been or we never heard stories of gay or lesbian marriages and no case or story ever been recorded in the history of Islam.

Sleeping men and women together before or outside of a marriage is a rule of ignorant and the government is now intending to make teaching religious and sex education compulsory for young children in the age of 9 years!

The devils advocating this policy is well thought of and pre-planned to occupy our children brains as young as 9 or 10 years of age with sex desires and gay marriages, which kind of education is this?

The government also want to take all powers from parents and disable them from disciplining their children properly or at least in the way they want to bring them up, leave alone someone who prefers their children to be brought up within the Islamic boundaries.

Dear brothers and sisters, if you want to oppose this piece of legislation and stop the UK government from implementing the rule in September 2019 or even make it compulsory, I urge you all to come forwards and sign the petition which is on our Mosque's Facebook page. However, we need 100,000 signatures to enable the government to debate the issues in the house of parliament. The petition has now reached 84150 signators as of last night and for all our brothers and sisters to sign the petition if they are a citizen because they need to be a British Citizen to be able to have their say.

**May Allah protect us and our children from all these mess and problems around.
May Allah help us all to promote what is right and oppose what is wrong-Ameen**
